Köppel Compact Comfort E Advantages

Professional eMobility with the Compact Comfort eDrive. A sustainable, robust drive and implement drive that gives you freedom of use. Extremely low vibration and quiet. Electric performance that inspires. And intuitive operating comfort that makes everything very simple.

- > **Extremely quiet** – only attachment operating noise
- > **Long life Li-Ion-Battery** – Up to 8 hours operating power depending on attachment
- > **Powerful Battery** – battery with optimised performance and power control system. Optional double battery system for more power
- > **Low Operating Costs** – rechargeable battery system saves on fuel costs
- > **Easy to maintain** – much less time-consuming than stockpiling fossil fuels and refuelling
